

Would you be interested in a convenient and enjoyable stress break at work?

On the Spot Massage at Work provides rejuvenating chair massage at companies throughout the Bay Area.

Chair massage is an enjoyable way to get de-stressed and re-energized conveniently at work. We set-up in your office, you stay fully dressed, sit in the specially designed chair, and the certified massage practitioner works on your back, shoulders, neck, head, arms and hands. Just 10 to 20 minutes of chair massage leaves you feeling energized, relaxed, rejuvenated and ready to get back to work.

We are asking your company to see if the people in your office are interested in having on-site chair massage. Many companies are offering this as an employer-paid benefit, as it is 100% tax deductible. If your company decided to organize this for you, what would your interest level be?

Company _____ Contact Name _____ Phone _____

Your name	I am definitely interested regardless of who pays.	I am definitely interested only if my company pays for it.	I am definitely interested and willing to pay for myself.	I am intrigued, & would like to try it once before committing.	I am not interested in chair massage at work.
